| <b>PIA - 11:</b>                  | Describe the process in place to notify individuals that their personal information will be collected. If no prior notice is given, explain the reason  | Prior to arriving at HHS, a Foreign Visitor will receive a system generated email requesting them to access the FNMS system and provide personal information. Upon accessing the site, a disclosure statement is displayed informing the Foreign Visitor that providing personal information is voluntary and is needed prior to visiting any HHS facility. Since this information is voluntarily submitted, the Foreign Visitor is aware of the information being collected. |
| <b>PIA - 12:</b>                  | Is the submission of PII by individuals voluntary or mandatory?   | Voluntary   |
| <b>PIA - 13:</b>                  | Describe the method for individuals to opt-out of the collection or use of their PII. If there is no option to object to the information collection, provide a reason   | There is no option for a Foreign Visitor to opt-out of the collection of their PII if they desire to visit a HHS facility. The individual must understand that they must be identified and their information validated in order to gain access. Individuals will have awareness of how their information will be used. In the event a visitor decides to opt-out of providing PII they will not be granted access to HHS facilities.  |
| <b>PIA - 14:</b>                  | Describe the process to notify and obtain consent from the individuals whose PII is in the system when major changes occur to the system (e.g., disclosure and/or data uses have changed since the notice at the time of original collection). Alternatively, describe why they cannot be notified or have their consent obtained | The System of Record Notice (SORN) describes some of the ways the records will be used within the agency and some of the reasons why the records may be disclosed to parties outside the agency.  |

|            |  |   |
|------------|--|---|
|            |  | If the system changes in a way that will conflict with the SORN, a new or revised SORN will be published in the Federal Register providing a 30-day public notice comment period.   |
| PIA - 15:  | Describe the process in place to resolve an individual's concerns when they believe their PII has been inappropriately obtained, used, or disclosed, or that the PII is inaccurate. If no process exists, explain why not  | An individual can contact HHS' Office of Public Affairs if they believe their PII has been inappropriately obtained, used, or disclosed at the following website: <a href="http://www.hhs.gov">www.hhs.gov</a> .  |
| PIA - 16:  | Describe the process in place for periodic reviews of PII contained in the system to ensure the data's integrity, availability, accuracy and relevancy. Please address each element in your response. If no processes are in place, explain why not  | <p>On an annual basis the current list of users will be provided to the business owner, Office of National Security (ONS), for review and validation. The list will be provided through a secured method, in accordance with HHS security guidance. The FNMS system owner, Office of the Chief Platform Officer/Platform Development Division (OCPO/PDD), will make necessary updates as requested by business owner (ONS).</p> <p>Foreign national's PII is not reviewed periodically to ensure the data's integrity, availability, accuracy and relevancy. The PII for the foreign national is only validated during the scheduled visit. In event a foreign national revisits a HHS facility the visitor will be required to resubmit their PII for the new visit.</p> |
| PIA - 17:  | Identify who will have access to the PII in the system and the reason why they require access  | <p>Users</p> <p>Administrators</p> <p>Developers</p> <p>Contractors</p> <p>Others</p>   |
|            | <p><b>Provide the reason of access for each of the groups identified in PIA -17</b></p> <p>HHS Designated users have role-based access to information depending on which Operational Division (OpDiv) or Staff Division (StaffDiv) they work for, and their job function and appropriate documentation.</p> <p>Application Administrators in the chain of command grant approval for requested role-based access received through a user provisioning system.</p> <p>Developers respond to requests to add functionalities or make other changes</p> <p>Direct Contractors may develop code if code or configuration changes are needed.</p> <p>Requesters, Approvers, and FNMS Guards require PII access because the Requester is responsible for completing the request form for the foreign national. The Approver is responsible for approving access to HHS facilities. The FNMS Guard checks the foreign national visitor in upon arrival at point of entry.</p> |   |

| <b>PIA - 18:</b> | Describe the administrative procedures in place to determine which system users (administrators, developers, contractors, etc.) may access PII  | Access rights are determined by need to know basis when the user requests access. An annual recertification process is conducted to make sure user roles have not changed. The current recertification process in place states that there will be a system generated email that will be sent to all user accounts requesting them to re-certify by email to ONS that they still have a role that requires access to FNMS. ONS will review accounts and roles and provide the responses to OCPO/PDD with any modifications to the list of users and associated roles. |

| <b>PIA - 20:</b> | Identify training and awareness provided to personnel (system owners, managers, operators, contractors and/or program managers) using the system to make them aware of their responsibilities for protecting the information being collected and maintained | Information Systems Security Awareness and Privacy Awareness training are required annually. In addition, the HHS Rules of Behavior must be acknowledged and signed before access is granted.  |
| <b>PIA - 21:</b> | Describe training system users receive (above and beyond general security and privacy awareness training).  | FNMS training is offered by HHS' OCPO/PDD staff.   |
| <b>PIA - 23:</b> | Describe the process and guidelines in place with regard to the retention and destruction of PII. Cite specific NARA records retention schedule(s) and include the retention period(s)  | The scheduling and retention of data collected is a requirement for the FNMS system under the HHS Records Management and Disposition guidelines. The records will be retained and disposed of in accordance with National Archives and Records Administration's (NARA) General Records Schedule 2 (GRS 2).   |
| <b>PIA - 24:</b> | Describe how the PII will be secured in the system using administrative, technical, and physical controls. Please address each element in your response   | The following administrative, technical, and physical controls are in place for FNMS:<br><br>Administrative Controls:  |

System security plan  
 Contingency (or backup) plan  
 File backup  
 Back-up files stored offsite  
 User manuals  
 Security Awareness  
 Training  
 Contractor Agreements  
 Least Privilege Access  
 PII Policies

Technical Controls:  
 User Identification  
 Passwords  
 Firewall  
 Encryption  
 Intrusion Detection System (IDS)

Physical Controls:  
 Guards  
 Identification Badges  
 Key Cards

The system is secured by methods prescribed in the System Security Plan (SSP). The SSP calls for system life-cycle practices for federal systems. The methods employed include risk assessments and implementation of management, operational, and technical controls.

In the Security Authorization process; National Institutes of Standards and Technology 800-53 Rev. 4 security controls and established the required level of security measures, including end user IDs, passwords, group accounts, a certified facility, background screening on system administrators will be utilized. The security controls will be reviewed annually, at a minimum.
